

# ATLANTIC WAVE™

The decoflame® Atlantic Wave™ is a younger, livelier version of the popular Atlantic™ theme. The organic form of the brushed stainless steel burner stands in fine contrast to the black, tempered glass background of the Atlantic Wave™. When the fireplace is in use, its burner lid can snugly be attached to the bottom of the burner and is kept there with a magnet.

As all other wall-hung decoflame® bioethanol fireplaces, also this model is easily mounted to any type of wall. The flame intensity of the Atlantic Wave™ burner cannot be adjusted.

<b>Finish</b>	Powder-coated and brushed stainless steel
<b>Materials</b>	Stainless steel and tempered glass
<b>Weight</b>	38kg
<b>Burner Volume</b>	2.6 litres
<b>Heat Efficiency</b>	2.9 kW/h
<b>Burning Duration</b>	5 hours
